

Nottingham College - Turing Scheme

Project title: Nottingham College Turing Scheme
Call Code: Nottingham 02/2023 - Alkmaar, The Netherlands

Call for participants Internships abroad under the Turing Scheme programme.

Nottingham College is the coordinator of the *Nottingham College Turing Scheme* project, financed under the Turing Scheme, which provides students with the opportunity to carry out internships in a EU country with the aim to:

- **Provide** students in VET schools the opportunity to gain technical and professional skills through curricular internships in line with their training, thus fostering their employability after completing their courses.
- **Improving the modernisation of training**, by investing in new methodologies such as internships in mobility abroad, in line with the learning outcomes in terms of key competences and professional skills required by the labor market.
- **Establishing a coordination methodology** with foreign businesses and institutions, to ensure that mobility becomes ordinary rather than the exception

This call provides **14** mobility grants for the implementation of internships abroad, for the duration of two weeks, approximately from **11/06/2022 to 26/06/2022**.

Nottingham College reserves the right to request any additional information, clarification and/or other supporting documents to the candidate.

¹ All personal data provided by candidates in the application will be used exclusively for the purposes of the selection procedure.

Requests for additional information will be made through email only, to the email address indicated in the application form. If the candidate will not answer within 2 working days to the request of additional information, their application will be automatically rejected.

Nottingham College will not be responsible for any delays or failure to receive the application due to errors in the online submission procedures or other causes independent from the college, the applicant and/or the EU partners.

Applications which **do not meet the following requirements will be automatically rejected:**

- Incomplete or partial documentation;
- Incomplete or partial digital documentation and application form within the deadline;
- Not meeting of one or more of the formal eligibility requirements to participate in the project (Art.1);
- Denying consent to the processing of personal data in the online form.

Nottingham College reserves the right to carry out appropriate checks, including spot checks, on the statements and documents submitted. Please note that false documents or false statements will lead to legal action if necessary, and will be duly reported according to national laws.

Art. 5 - TERMS AND CRITERIA OF SELECTION

All students who meet the formal requirements (art.1) must submit their application online through the Application Form available on the website, together with all the requested documents (art. 3) within the deadline of the call (art.2).

The evaluation of the application so received will be divided into two parts and will be carried out as follows:

PHASE 1 - Pre-Selection

Each candidate will get a score (from 0 to 100 points) which depends on the answers given in the Application Form. In this phase the students' Application Forms and motivational videos will be assessed.

In assessing the students' applications, the scoring is based on the evaluators' discretion as regards the assessment of the linguistic skills and the motivation through the video and the Application Form.

PHASE 2- Final Selection

The list of complete applications and the preselection scores will be examined by the relevant Nottingham college faculty team, who will select winning candidates.

Art. 6 - PUBLICATION OF RESULTS AND WAIVERS

Selection results will be published online on the Movingeneration website at the following address:

<https://movingeneration.net/en/portfolio-items/nottingham-college-2/>

The list will be accompanied by the destination assigned to each winning candidate.

Candidates will receive an automatic notification by email. The results will include a list of winning candidates and a list of suitable non-winning candidates who will be considered as reserves.

The selected candidates will have **2** working days from the publication of the results to respond and formally accept the internship abroad. In case one or more successful candidates does not accept the grant, the reserve list will be used to select the next suitable applicant to be awarded the available spot.

Art. 7 - COSTS COVERED BY THE PROJECT

The Turing Scheme grant, which finances this project, covers the following costs:

- Accommodation during the 3 weeks internship abroad;
- Round trip to the country where the internships takes place;
- Preparation of intercultural and pedagogical preparation before the departure abroad;
- Insurance coverage for 21 days of internship abroad
- Organizing work placement;
- Tutoring for the duration of the project and support in all administrative procedures and logistic arrangements during the stay abroad.
- Organizing cultural visits in the destination country
- Public transportation tickets/cards to get to the workplace

The project costs will be granted in accordance with the limits and conditions contained in the Turing Scheme Programme regulations and in the project.

The project does not foresee direct payments to the participants, the college is responsible for all expenses related to the implementation of activities.

Art. 9 - PRE-DEPARTURE TRAINING

The selected candidates must participate in a **pre-departure** training that will be organized after the selection is complete and before starting the mobility abroad. The preparation will consist of personal, cultural and work preparation.

Active participation in preparatory activities is mandatory.

Art. 10 - ACTIVATION OF THE INTERNSHIP

The internships abroad will take place **approximately** between 11/06/2023 to 26/06/2023

The selected candidate shall be flexible and will have to agree to participate in the traineeship abroad during the period indicated above and for the whole duration of 2 weeks. The impossibility of the candidate to comply with the timing of the internship abroad may lead to losing their possibility to participate.

The activation of the internship may be subject to limitations that may arise from any changes to the law of the hosting country that might occur from the publication of this call.

The activation of the internship and the related grant for non-EU citizens are strictly tied to the legal requirements for leaving the United Kingdom and arriving in the country of destination for the whole duration of the internship.

The internships will be constantly monitored by the project staff, in order to detect any possible problems reported by companies or participants.

Full cooperation of the participants with the project staff is required, this includes quick answers when requested information or for any other information and document related to the implementation of the activities.
